

ASTRO PET

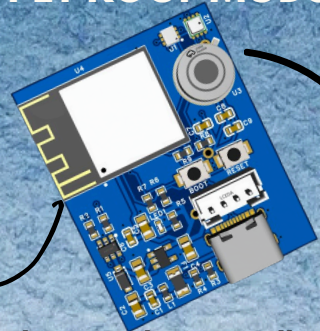

check it out!

If the pet is sad,
The conditions
are bad!

A desk pet for
astrophotographers that tells
you when the conditions are
perfect for those nice pics!

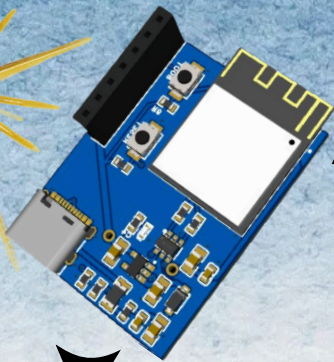

ASTROPET ROOF MODULE

The part that actually
senses the conditions!

(real time)

ASTROPET DESK MODULE

(they communicate)

Screen which tells you the
conditions outside
(pet emotions)

If your pet is
happy,
The conditions are
good!
